

WOW Centre Garden Walk

Download the **izi.TRAVEL Audio Guide** app from the Google Play or Apple App Stores (depending on your type of device – Google Play for Android or non-Apple devices, Apple App for iPhones/iPads). Please ask us if you would like help getting started.

- Open the app by clicking on it. Hit the red **START** button
- Click the red **OK** button to allow geolocation
- Allow izi.TRAVEL to use your location While using the App or Allow Once (for this walk only)
- Click the red **OK** button for the app to keep you informed about your progress through the walk
- Click **Don't Allow** izi.TRAVEL to send you notifications
- Click the red **Explore guides** button, then **No**, see ads that are less relevant on the next screen (or if you see a payment window, skip over that), and **Agree** to the screen after that. You're almost there.
- Now go to **All Guides** (bottom left), click in the **Search bar** and look for **WOW Centre Garden Walk** or scan the QR code here.

Approximate walk duration: about 30 minutes.

Each garden is numbered, starting at Garden 1 adjacent to the Information Centre. Not every numbered garden is currently included in this walk. There are 8 stops on the walk, taking in 12 garden areas. *Please stay on the paths. Move away from lizards and snakes if you see them.*

You can download the walk in advance (pre-loading it) once you have the izi.TRAVEL app on your mobile device, by hitting the **DOWNLOAD BUTTON** at the bottom of the photo (the middle button). There are GPS trigger points at each stop in the walk (you can see them on the map when you hit the **START/CONTINUE** or **PREVIEW** buttons).

If you hit the **START** button, when you get near the trigger points on the map you will hear a narrator tell you about what's in that garden or area of the garden, then prompting you to move to the next stop. Some gardens are grouped together at one stop. You can also **SKIP AHEAD** by tapping the numbered pins on the map. To bring up the play option for audio and the written description, tap on the bottom of your screen. To go back to the map, swipe down.

PAUSE + VOLUME: You can pause the narration at any time by hitting the **PAUSE** button at the bottom of your screen. Adjust the volume to suit you. It is best listened to with headphones or earbuds, but you can also just use the speaker built into your phone if you don't have earbuds.

READING INFORMATION PROVIDED: If you prefer to read the information about each garden, you can click on the three dots ... at the bottom of your screen to pull up **READ DESCRIPTION**.

PHOTOS: When you see a shadow line under the photos in the walk, it means there's more than one photo. Tap on the photo, then swipe left to see more photos. To go back, tap your phone and click **DONE** or swipe down.

We hope you enjoy your walk! Please leave us a review before you go.
